ARTISTS’ ALLEY RULES / GENERAL INFORMATION

1. ABOUT THE ARTISTS’ ALLEY

This is a specially curated space at GameOn where independent artists and creators showcase and sell their original works — from illustrations, prints, and fan art to handmade goods inspired by popular culture and the world of video games.

This area is designed to encourage creative self-expression, provide opportunities for creators to directly engage with visitors, present their work, and grow their audience. Visitors have the opportunity not only to purchase authentic, original, or limited-edition works, but also to meet the artists, learn about their creative process, and hear about their sources of inspiration.

The Artists’ Alley is a public event space intended **for visitors of all ages**; therefore, all displayed and sold content must comply with general ethical standards and the nature of the event.

In the Artists’ Alley, it is only **permitted** to sell:

- original works created by the author (*prints, illustrations, handmade crafts, accessories (e.g., keychains), stickers, and other creator-made products*);
- works for which the participant holds the usage and distribution rights;
- products that match the event’s theme and the concept of the Artists’ Alley.

Prohibited:

- selling mass-produced or resold goods unrelated to the author’s own creative work;
- distributing plagiarized works or content that infringes copyright;
- selling AI-generated content;
- selling food, beverages, or other similar product categories;
- offering content that is clearly inappropriate for minors or that violates public order and ethical standards (*violent, discriminatory, sexual, pornographic content, etc.*);
- organizing gambling activities;
- selling or displaying weapons (*bladed weapons or firearms*).

Participants in the Artists’ Alley must be individuals who, during the event, possess the appropriate document that, under the laws of the Republic of Lithuania, permits them to trade their own products. If the required documents are not provided, the participant may be removed from the event.

ATTENTION! Applications may only be submitted by individuals aged 18 or older, or by minors participating together with a responsible accompanying adult who assumes responsibility for the minor's participation in the event.

PLEASE NOTE that the organizers reserve the right to evaluate the products offered by participants and to request proof of authorship or the right to distribute the works at any time. Failure to comply with these requirements may result in the participant being removed from the Artists' Alley without compensation.

By registering for the Artists' Alley, the participant **confirms** that the provided information is correct and **agrees** that the submitted data will be stored for the purposes of organizing the GameOn Artists' Alley. The participant also agrees that their participation in the event and their created works may be publicly promoted as part of the event's marketing and promotional activities using various visual materials.
